New Catalogue and Price List 2009

June 2009, no.1

THE NEW CAV CATALOGUE IS OUT!

Our new Catalogue is finally available!

As our long-standing Customers, you certainly agree that maintaining excellence is no easy task. While the rules of the game remain unchanged, today's unprecedented economic challenges on a worldwide scale demand more specifically-targeted strategies as part of our investment in the future. Your trust and loyalty are a great encouragement to continue our efforts.

As you already know, we presented several new products - such as Genius, Ecologic Trolley, the new wall-mounted service stations SR-Mini and Mini Plus - at the Autopromotec exhibition in Bologna.

Important: Please note that your new discount off Price List 05-2009 is XX%. All other sales conditions remain unchanged.
